

Construction Summary – February 6 -12, 2016

Updates and details are posted at www.ltowerconstructioninfo.com.

BACKSTAGE – CONSTRUCTION ACTIVITIES:

- Exterior work is focused on the podium and the tower as cladding and glazing are being installed. Access to the building from Yonge Street will open soon, with the removal of material from the site and the addition of paved walkways. Access to the parking garage lobby will be opened from The Esplanade. Occasional deliveries occur as needed with minimal impact on the street or traffic flows. Work continues on the interior of the building readying suites for occupancy; in particular penthouse suites are still being finished prior to the installation of kitchens and appliances. The first move-ins to Backstage are expected this month. Please check back at ltowerconstructioninfo.com for updates.
